EULAR PARE Letter of Condolence

Dear Mirjana, Marija and Aleksandar,

Dear colleagues and friends of ORS,

It is with great sadness and devastation that we have received the information that our longstanding friend and active EULAR PARE volunteer, Nenad Nedić, has passed away last week.

On behalf of EULAR, in particular the EULAR PARE Committee and the Patient Research Partner Community, we would like to express our sincere condolences to his family, friends, and all of his colleagues at ORS.

Nenad has been a member of the EULAR PARE family for many years, joining our EULAR PARE Conference on behalf of ORS for the first time in 2017 in Lisbon. Since then, he has joined many of our events, including EULAR Congresses where he was an invited speaker and presented on behalf of ORS. He was an active and valued member of the EULAR Patient Research Partners network and was always ready to take on work and support the team. He was committed to his PARE work and has been an important and well respected member of our PARE community.

He will be greatly missed by all of his PARE family. His positive attitude, great humour, kindness and tireless work to advocate for people with RMDs at a national and European level was an inspiration for everyone.

We are grateful for his many years of dedicated support and friendship. We will always remember him.

Our thoughts are with his family and friends at ORS and PARE.

With heartfelt sympathy,

Peter Boyd

Chair, EULAR PARE Committee

Elsa Frazão Mateus

EULAR Vice-President PARE
